## BALI SNOWFLAKE TILES

Featuring the Snowflake Batiks (Style #L2681) by Hoffman California Fabrics

Quilt design by Linda Fitch ©2014

Instructions are for a lap-size quilt, approximately 60" x 71" finished.

### CUTTING

From the 4 (various colors) Snowflake Tile fabrics, center and cut (4) Fabric A 10" squares. (4) Fabric B 10" squares. (4) Fabric E 10" squares and (8) Fabric D 10" squares. Refer to photo for reference.

From the 2 allover snowflake prints cut (7) 10" squares of Fabric C (L2661 Christmas or Navy, if doing the blue version) and cut (3) 10" squares of Fabric F (L2661 Smoke or Frost, if doing the blue version).

Organize and mark the squares accordingly, stacking the square to the farthest left on top.

From the contrasting fabric (Fabric G), used for sashing, borders and binding, cut (6) 2 ½ " x WOF. Sub-cut into (24) 2 ½ " x 10" pieces for vertical sashing. Cut (13) 2 ½ " x WOF, for horizontal sashing and outside borders and (7) 2 ½ " x WOF, for binding.

### CONSTRUCTION

Take the (13) 2 ½ " WOF strips and sew them together, at the short ends to make one long continuous strip. Put aside for now

Take your 5 squares selected for Row 1 and intersperse (4) 2 ½ " x 10" vertical sashing pieces among. Continue for rows 2-6.

Once your rows are complete, take one of the rows and fold in half, joining side edges of Square 1 (left side) and Square 5 (right side). Measure from the fold to outside edge and double this measurement.

Take the long strip pieced for the horizontal sashing and the borders and cut 5 strips to this measurement.

Sew these 5 strips to the bottom of each pieced row. Note there will be no sashing at the bottom of the 6th row.

Now sew all the rows together, including the 6th, at the very bottom.

Once the center of the quilt is pieced, fold the quilt in half, top to bottom. Measure down the middle, from fold to raw edges. Double this amount. From the super long 2 ½ " strip, cut 2 pieces to this measurement and attach to the left and right sides of your quilt.

Again fold the quilt in half, but this time with the left to right edges meeting. Measure and double amount. Cut 2 pieces of this measurement and attach to the top and bottom of your quilt.

Layer top, batting and backing. Quilt. Bind using your favorite method.
